Awarding Great British Qualifications

Level 5 Diploma in Computing with Business Management

Level 5 (L5DC BM)
Regulated Qualifications Framework (RQF)

Equivalent to the 2nd year of a bachelor's degree in the UK

Overview

The NCC Education Level 5 Diploma in Computing (with Business Management) makes up the second year of the NCC Education degree. Students are introduced to advanced topics in a range of areas including information systems analysis, database development and the principles of business operations.

A balance of academic and vocational subjects is offered to provide students with the necessary knowledge and skills required to play a significant role in IT and business organisations.

Entry Requirements

For entry onto the NCC Education L5DC BM qualification students must have at least one of the following:

- NCC Education Level 4 Diploma in Computing in Business Management (L4DC BM) or an NCC Education Level 4 Diploma in Computing (L4DC)

OR

- A local or international qualification which is deemed to be of a similar level to the NCC Education L4DC BM qualification. This must be agreed with NCC Education in advance

Direct Entry at Other Points

Most students are expected to join the NCC Education Computing journey at Level 4 or earlier.

However, applications will be accepted for entry at any point and will be accepted, by means of documented evidence, using the following criteria:

- The applicant's general educational background is appropriate for the level of entry.

- The applicant's knowledge of computing is both equivalent to, and appropriate for, the level of entry.
